

RASHIDA ALI

POST-GRADUATION STUDENT
USER EXPERIENCE DESIGN

ABOUT ME

Post-Graduate student in User Experience Design at Kent State University, Ohio. Highly motivated, curious and creative designer specializing in conceptual, visual, interaction and layout design, 3D modeling, composition, color theory and typography art- keeping the users' needs at heart. Adept in creating functional & aesthetically pleasing layouts/designs with specialty in working with various styles, trends & budgets and an eye for details. Flexible and adaptive to new environments with the ability to learn different tools and processes quickly. Can handle all aspects of planning and design from conception to completion.
